

Huckabay Independent School District

Board Agenda Item Synopsis

Subject: Review and Consider Approval of Bad Weather Day Waiver

Background Information: When instructional days are missed due to bad weather, a district must make up the missed time with the two bad weather days built into the calendar or by using additional banked minutes in their academic calendar. A district may file for an attendance waiver to waive the requirements of additional days missed.

Administrative Consideration: The 2022-2023 Academic Calendar has additional minutes to make up the two days required, with days built in the calendar or banked minutes.

Budgetary Impact: None

Recommendation: Approve the missed school day waiver.
