Rate of Pay

The rate of pay is (\$42.00 per hour).

Academic Logistics of Program

- Students will receive one hour of intervention for each subject needed (Math, ELA, or SLA).
- Students will receive no more than two hours.
- Groups will consist of 2-3 students.

Academic Intervention Program

PreK-5th grade students considered for the Academic Intervention Program are already receiving services through our MTSS process. Multiple points of data are used to determine Tier III students.

Students will be grouped by academic needs with a ratio of 1 teacher to 3 students. Depending on enrollment, grade levels may be combined but the teacher/student ratio will attempt to stay at 1 to 3. The final determination of classes for the intervention programs will be made at the beginning of June.
