

Substitute Bus Driver Contracts

Background:

Iowa Code 285.5(9), Contracts for Transportation, states the following:

“All bus drivers for school-owned equipment shall be under contract with the board. The director of the department of education shall prepare a uniform contract containing provision not in conflict with this chapter which shall be used by all school boards in contracting with drivers of school-owned vehicles.”

In an effort to be fully in compliance with state statute, the Iowa Department of Education requires that all bus drivers of a school district—including substitute bus drivers—must be under contract with the school district.

An annual task of the school board each fall is to approve issuing contracts to all substitute bus drivers.

Recommended Action:

I recommend the board move to approve issuing one-year-only contracts for the substitute bus drivers listed below:

John Andrews
Eric Boelman
Kyle Braun
Eric Dougherty
Randall Dougherty
Steven Dougherty

Roger Duvall
John Murphy
Deb Sloth
Jon Swenson
Jason Wessels
Josh Wessels
