

Special Programs

November, 2015

Special Education

In our PLC this month, we have worked on a SPED flowchart for teachers that have concerns for their students in a specific area. We are now focusing on specific student data to plan intensive interventions for the students that need it the most.

English Language Learners

Currently we have 17 students identified as ELL.

AVID- Advancement via Individual Determination

I attended the statewide District Director's Meeting on October 23, 2015. We were at West Salem High School. We were able to get into some classrooms and observe there using the AVID walkthrough tool.

From November 2-5th, I attended my first Avid Director Leadership Training. This was a very helpful training. It solidified that we are headed in the right direction with the things we are implementing in AVID.
