RE: Board Recognition For Alejandra Martinez

I would like to recognize Mrs. Alejandra Martinez for revising the science TEKS. Miss Alejandra Martinez, Memorial Junior High science teacher, was recently called upon by TEA to lend her expertise to develop the new science standards for the 6th-8th grade that will be implemented in the 2024- 2025 school year. Miss Martinez's commitment to ensuring quality education for all students was evident in her meticulous approach to crafting the standards. The impact of her contributions was such that TEA extended its invitation to Miss Martinez to assist in refining the K-5th grade science standard as well. Miss Martinez's tireless efforts have left an indelible mark on the future of Texas public education, ensuring that generations of students will benefit from her expertise for decades. Her distinguished contribution to what K-8th grade students will learn in science classrooms within our district and the entire state deserves recognition. I am pleased to recommend that Mrs. Martinez be recognized as a top contributor to Memorial Junior High or our district and our entire state. She represents our district well statewide.
