

DU PAGE ELEMENTARY SCHOOL DISTRICT 13
BOARD OF EDUCATION
Bloomington, Illinois

Regular Meeting August 26, 2019

FOR INFORMATION:

Subject: Superintendent's Report

Septemberfest

On Saturday, September 7, the Board of Education will assemble outside DuJardin Elementary school prior to 11:00 a.m. in order to march in the Septemberfest Parade. The route will take us to Old Town, where you can take in the beginning of the festivities. Students from Westfield will be joining us to "distribute" Smartees to those along the parade route. I will be at the District Office early to get the banner and wagons ready.

Summer Projects Update and Board Tour

On Monday, September 9, the Board of Education, Mr. Reiniche, Mr. Leyden and I will meet at Stratford Middle School to receive a tour of their Innovation Center and Science Labs. The tour will begin at 6:00 p.m. Following the tour, the group will go to the District Office so that Greg Leyden can lead a presentation on the summer roof projects that were accomplished between June and August. I have attached a memorandum from Mr. Leyden to provide you the most updated information on the projects.

Board Calendar

I have amended and attached the Board's Annual Calendar of Events to reflect the changes in the approval of the teacher's contract and the addition of a two-year quarterly review and monitoring cycle of the District Policy Manual at the Board level.

Superintendent Performance Goals

The proposed student achievement goal for this year is for the aggregate of all District 13 students to meet their expected growth in Reading and Mathematics within the range as provided the Measures of Academic Progress (MAP). The Spring 2019 to Spring 2020 period would be the implementation cycle to measure the annual growth of District 13 students. In addition, I will generate SMART goals related to the implementation of the Strategic Plan Initiatives that will be approved at the September 23rd meeting.
