

Second Draft of Revisions to EHDD (LOCAL)

The following language to be added to existing EHDD (LOCAL):

Tuition The District may pay tuition for each student who enrolls in a dual credit course, except for a disqualified student as defined below.

Books The District may supply the required dual credit course book to each dual credit student who receives free or reduced lunches, except for a disqualified student as defined below. Each book supplied to a student must be returned to the District upon the conclusion of the dual credit course.

Disqualified Student As used in this policy, “disqualified student” means a student previously enrolled in a dual credit course who did not successfully complete the course, either by dropping the course or receiving a grade below C for the course.
