School Goals

School Goals:

Every student will improve their math and reading fluency towards proficiency, meeting grade level targets or reading at or above 180 wpm. Every student will be safe, responsible, and respectful.

Every student will understand how their health impacts their learning.

Improve number of students 'On Track' to graduation (90% attendance, 7 credits earned per year)

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

We are a PBIS school and are a partner in SAFEOREGON. We host special freshman, Senior, Junior and Sophomore orientation meetings at the beginning of each school year in order to share essential information, invite parent participation and promote positive and proactive communication throughout the year. This year we are planning a phone outreach effort to make personal connections with all parents to make sure they know about the activities and resources available to support student success. We have expanded the number of student forums to discuss topics of interest and concern.
