

Cafeteria Monthly Report

June 2025

The Cafeteria Plan will continue to request the (CEP) Community Eligibility Provision as part of National School Lunch Program (NSLP) which was based on student eligibility numbers. The students will continue to eat free breakfast and lunch for the 25-26 school year. The parents/guardians will continue to fill out socio-eco forms instead of the NSLP food applications at the beginning of August. We feel that the CEP program has been very successful for the school district. We will continue to serve Breakfast in the Classroom for the elementary.

We're hoping that the new school year brings higher participation in the cafeteria from all three campuses. It's a challenge to keep finding new food items that will catch the student's attention and bring them in eat and enjoy a meal with us. The cafeteria staff does an amazing job of serving the students daily.

With that being said – I thought you'd like to see the numbers for 24-25 school year.

Meals served:

Breakfast & Lunch	106,084
Adult lunches	1826
Additional main Entree	2683

Additional Items Sold for 24-25- School Year

Chips	6301
Cookies	14,619
Ice cream	4657
Flavored Drinks	2269
Water	1099
PB&J	895

The maintenance staff will be working on a few item (installing a mop sink) in the cafeteria to get us ready for the 25-26 school year.

Thank you,
Yolanda Rueda
