

School Board Workshop/Meeting:

February 12, 2018

Subject:

RESOLUTION APPROVING AN ACCESS
AND UTILITY EASEMENT AT
DISCOVERY ELEMENTARY SCHOOL
BETWEEN THE CITY OF BUFFALO AND
ISD 877

Presenter:

**Gary Kawlewski, Director
Finance and Operations**

SUGGESTED SCHOOL BOARD ACTION: Review only

DESCRIPTION:

In October of 2017, we reviewed a proposed easement for access and utilities for an underground power line for the City of Buffalo. The easement grants access and allows utilities to be placed on an area that covers approximately the southernmost 5 feet of the length of the Discovery Elementary School site. The agreement is similar in nature to other utility easements that have been granted to the city. The City of Buffalo is reviewing the documents and will look to approve the agreement at a future meeting.

We recommend approval of the access and utility with the City of Buffalo and would look to bring the easement back for final review and approval at the February 26, 2018 board meeting.
