Re: Elementary School Asphalt Track Renovations – Bond Project #30

As part of the 2016 Bond Projects, the asphalt walking tracks at Austin, Cottonwood Creek, Lakeside, Pinkerton, Town Center, Valley Ranch, and Wilson are to be repaired, resealed, and restriped.

The Interlocal Contract purchasing method as provided in the Texas Education Code 44.031 was used to obtain proposals through the Educational Purchasing Cooperative of North Texas (EPCNT).

Cleaner Image provided the proposal with the best value for the district. Cleaner Image provided a quote of \$34,191.82 as the total turn-key proposal. This is significantly less than the \$120,000 budgeted for these schools. The pricing includes all materials, labor, and removal/disposal of excess material. Cleaner Image is a long-time, well respected vendor in the Dallas Fort Worth metroplex. We have used them several times, and have always been very pleased with their value and quality of work.

RECOMMENDATION: That the Coppell ISD Board of Trustees approve Cleaner Image as the contractor to complete the elementary school asphalt track renovations for the sum of \$34,191.82.
