Subject: Policy FFA(LOCAL) Related Page(s) 4

**Action**

**BACKGROUND INFORMATION:**

The Policy FFA(LOCAL) will require revisions as a result of losing the ACE Program. We have lost the opportunity to provide afterschool nutritional snacks district wide to students. Losing the ACE Program limited the number of prospects for promoting nutrition education to families, and staff. Lastly, we want to remove the restriction of selling only those food and beverages that meet federal guidelines for competitive foods outside of school hours on district property.

**RECOMMENDATION:**

Approval

**BOARD ACTION REQUIRED**

I move the Board approve the FFA Local Revisions and Wellness Plan.
