

National Principals Month

The Brackett ISD Board of Trustees joins the National Association of Elementary School Principals, the American Federation of School Administrators, and the National Association of Secondary School Principals, working with the U.S. Congress, in recognizing October as “National Principals Month”.

Principals are expected to be educational visionaries, instructional leaders, assessment experts, disciplinarians, community builders, public relations experts, budget analysts, facility managers, special programs administrators, and guardians of various legal, contractual, and policy mandates and initiatives, as well as being entrusted with the education and development of young people, our most valuable resource.

Principals set the academic tone for their schools and work collaboratively with teachers to develop and maintain high curriculum standards, develop mission statements, and set performance goals and objectives for schools to achieve educational excellence. They also play a vital role in successful implementation of the Every Student Succeeds Act (ESSA).

Our district is honored to recognize outstanding school principals Christy Price, Eliza Diaz and Galin Vinning as leaders who are committed to ensuring that every child has access to a high-quality education and learning opportunities for all students.
