THIS IS **NOT** A BILL. **DO NOT** PAY FROM THIS DOCUMENT.

Coach Mathis and School Board,

Thank you again for the opportunity to service your school in regards to helmet reconditioning. I wanted to write you this letter to explain my observations and give my suggestions of what should take place in order to keep you up to date on standards set forth by NOCSAE and NAERA. Football helmets have a ten year life cycle. This year any helmet purchased in 2015 was discarded during the helmet reconditioning process. Next year, it will be the 2016s, etc. Desoto ISD made large purchases of helmets in 2016 and 2017. Those helmets will go out of date after the 2025 and the 2026 seasons. My proposal is to try and get a little bit ahead of the game so you do not have an extremely large capital outlay 1-2 years from now in order to keep your kids up to safety standards. You will have approximately 150 junior high helmets that will go out of date by the end of the 2026 season. You will also have approximately 60 high school helmets that will be out of date by the end of the 2026 season. My quote includes 25 high school helmets and 50 junior high helmets. I believe if you place this order and a similar order next year you will end up in a really good spot inventory wise. I am always available to answer further questions. Please email or call me with anything you need.
