Re: Approval of Meadowview Targeted Status School Improvement Plan

Due to Meadowview's Targeted Status, the school has undergone an intensive school improvement planning process this year. After a comprehensive analysis of strengths, growth areas, and opportunities, the leadership team has developed strategic goals for the upcoming academic year.

To comply with state requirements, these goals must be formally approved by the local school district during a regularly scheduled meeting. The full School Improvement Plan is attached for your review.

We will seek formal approval of these goals during Monday's meeting to ensure full compliance with state expectations.
