RE: Phone System Purchase Approval

Technology Director Dan Grimm has strongly encouraged administration to replace the existing phone system. The system's servers are no longer reliable, the handsets are failing at a rapid rate. Presidio has provided a state-approved bid of \$52,094.24 to replace the current system with a Cisco system. This purchase requires Board approval.

**RECOMMENDED BOARD ACTION: "Resolved, that the Lawton Community Schools Board of Education approves the purchase of a new district phone system at a cost of \$52,094.25."**
