### Principal's General Narrative:

The National Center for Educational Achievement's program "Just for the Kids" selected Brackett Junior High as a 2008 Just for the Kids Higher Performing School in Reading. As the map of school districts with high performing schools shows, there are relatively few junior high schools in Texas that received this recognition. It is a great honor and affirms all of our efforts and particularly the English teachers, Reading teachers, librarian, and library assistants who work with the 7th and 8th grade students. Congratulations!

The high school faculty, as always, would like to express our appreciation for the support and leadership from the school board, superintendent, and everyone in the central office. Thanks.
