The changes result in a requirement to develop “a written prevention-oriented health services plan for all students (OAR 581-022-2220 (1)). The plan requirements include a variety of topics, including but no limited to, plan for health care space, communicable disease prevention, communication strategies, health screenings and hearing, vision and dental screenings.

As a result of these changes, there is a list of policies and administrative regulations (AR’s) which have been revised. The OSBA recommended changes to policy JHCA/JHCB are presented.
