

Sunray Middle School

Board Report

July 2015

➤ **Summer School**

Thirteen students attended summer classes with Mrs. Hollaway and Mrs. Rodriguez. Eight of those students were fifth or eighth graders that were required to take the third administration of the STAAR Reading test. The others attending were recommended by either their classroom reading teacher, put in by parent request, or were ESL students that did not pass the Reading test. The (3rd) STAAR Reading test was administered to 5th/8th grade students on June 23rd. The results were not in at the time this report was done, but should be here by the Board meeting. A big thanks goes to Mrs. Hollaway and Mrs. Rodriguez for preparing and teaching the summer group. Thank you to Mrs. Diane Thompson for coordinating the testing for the day, and getting everything prepared to meet all the special needs required for the students. J.J. Haberthur, Ivana Sonen, Mrs. Hollaway, Mrs. Rodriguez, and Mrs. Pipkin were the teachers that administered tests. We appreciate them giving up some of their summer vacation to help out.

➤ **Teaching Staff**

So far, we have two new staff members hired at Sunray Middle School for the 2015-2016 school year. Casey Lantelme will be our 7th/8th grade Science teacher, and Steven Wilkinson is our new band director.
