This policy revision includes an update to the policy title and several minor edits to align with current best practices.

- The policy title was revised to *Fiscal Management Goals*. The phrase *Priority Objectives* was removed, as the policy reflects broad fiscal outcomes and aspirations rather than a specific list of priority objectives.
- Minor edits were made throughout the policy to improve clarity and ensure alignment with current best practices.
- The opening paragraph was revised for improved clarity.
- The first bulleted statement was reworded to state: *Ensure budget development aligns with the district's strategic direction and plan.*
- In the second bulleted statement, the term *monetary income* was replaced with *revenue* to reflect standard fiscal terminology.
- The third bulleted statement was revised to clarify that the board will guide and monitor expenditures to achieve successful student outcomes.
- The fourth bulleted statement was updated to include a focus on effectiveness and transparency.
- The fifth bulleted statement was revised to state that the district will maintain a per-student expenditure level that provides for the needs of all students.
- The policy adoption date was added to the bottom of the policy document.
