

School Board Workshop:

March 10, 2025

Subject:

Statewide Assessment Report

Presenter:

**Pam Miller, Director
Teaching & Learning
Rob Nosbush, District
Assessment Coordinator**

SUGGESTED SCHOOL BOARD ACTION:

Report only.

DESCRIPTION:

Understanding the purpose, the types, and the uses of required statewide assessments can be overwhelming for stakeholders who do not work closely with them. And yet, having a clear understanding is essential in order to utilize that information with others as the district strives for continuous improvement.

At Monday's board workshop, Rob Nosbush, District Assessment Coordinator, will provide a comprehensive overview of the statewide assessment system. This report will include information regarding the MCAs, Alt MCAs, MTAS, ACCESS for English Language Learners, Alt ACCESS for English Language Learners, and the ACT.

All Spring 2025 official statewide assessment results will be released at the end of August 2025. A report of BHM assessment results will be provided to the board this fall.
