BOARD GOAL:

Increase the number of third grade scholars at or above grade level in reading. Increase the number of scholars at or above grade level in Algebra I. Increase the number of scholars that are college, career, and/or military ready.

BACKGROUND INFORMATION:

AVID equips teachers and schools with what they need to help these students succeed on a path to college and career success. To address this need, AVID has developed the AVID Elective course. For one period a day, students receive the additional academic, social, and emotional support that will help them succeed in their school's most rigorous courses.

AVID can influence the entire school by providing classroom activities, teaching practices, and academic behaviors that can be incorporated into any classroom to improve engagement and success for all students. Teachers can take what they have learned at AVID training back to any classroom to help all students, not just those in AVID, to become more college- and career-ready.

RECOMMENDATION:

It is recommended that the Board of Trustees approve the AVID Product and Services Contract.
