Reasons for rejecting alternatives: The teacher committee reviewed the following options for Elementary: SAVVAS, TexGuide, and Encompass from Social Studies School Services; Some comments from teachers emphasized they opted for Encompass product because it was hands on, engaging, and had alignment with processing skills to RLA. Teachers also emphasized that they would need training and support for implementation which will be our priority for our Back-to-School sessions. The teacher committee reviewed the following options for Secondary: Active Classroom, Navigate Texas, Exploros, and TexGuide; Five out of six middle schools ranked Navigate Texas the highest on their rubric with comments specifically about the interactive notebooks, liking the integration of digital and print resources, as well as appreciating the extension and intervention resources. High Schools voted to continue with Active Classroom. World Geography and World History teachers specifically commenting that they had built this resource into their units and wanted to continue on.

Future/Ongoing: This is a 3-year online purchase. Small purchases of physical materials may be necessary for enrollment growth.
