Re: Consider approval of bond parameter sale for bond series 2026

Bond Counsel, Norton Rose Fulbright, has provided a resolution regarding the authorization of orders for the issuance of Coppell ISD Unlimited Tax School Building Bonds, Series 2026 and establishes sale parameters authorizing the execution of bond purchase contract and delegating authority to a Pricing Officer to act on behalf of the district in selling and delivering the Bonds; approving an official statement and enacting other provisions relating to the subject.

RECOMMENDATION: That the Coppell ISD Board of Trustees approve the resolution as presented.
