

Curriculum Director Report

Pana Community Hospital

The Pana Community Hospital is applying for a grant for 100 chromebooks for our school district. It is a competitive grant. In addition they did serve an average of 85 meals a day to our students this summer.

ROE Trainings

- We hosted a Paraprofessional Remote Learning put on by the ROE on August 13th.
- Google Suite Training
- New Teacher Training
- Grade Level Roundtables on Remote Learning
- PE Roundtable on Remote Learning

Grants

We have applied for a 2nd CARES ACT Grant this is for Digital Equity. It will be for devices and internet connectivity.

Rural and Low Income Grant we are getting this grant again this year. We have not received this grant the previous 2 years, as we didn't qualify as low income. We do now qualify for this grant.

ESSA

Title I \$422,,977

Title II \$86,027

Title IV- Transferring to Title II \$0

Ag Grant?

CTEI \$27422 same as last year.

Perkins \$16422 same as last year.

Rural and Low Income Grant \$23,964 (New this year)

Elementary and Secondary Schools Emergency Relief Act- CARES \$391,692

Elementary and Secondary Schools Emergency Relief Act Digital Equity \$82,800

Title I- the one change that I made in the grant is we are not covering the 2 Aides that we did last year. We are covering more of the teachers salaries from this grant. The reason for this is this will give the principals some flexibility in adjusting their work duties if needed. (Pending Union approval). This could change once we get the final amount. These are preliminary and we usually get an additional amount later in the year.
