

2026 - 2027 Teacher Student Success Act Framework

Davis School Board

Board Approval Pending: December 2, 2025

Purpose

Provide school-level funding to:

- Support the implementation of the district mission and board priorities
- Enhance programs and services to students
- Enhance opportunities for teacher leadership and mentoring
- Provide opportunities for additional compensation for teachers and classroom personnel

Facilitate stakeholder involvement in the planning process by:

- Establish a method whereby board priorities may be included in a school's plan
- Ensure the LAND Trust portions of the plan are developed by the School Community Council
- Ensure the TSSA (Teacher Student Success Act) portions of the plan are developed by the school principal with input from the school community council, school-level administrators and teachers, and parents of students at the school

Increase efficiency of operations and fiscal impact by:

- Utilizing a combined planning process for LAND Trust, TSSA, and Title I (if applicable) funding. The resulting plan is called *the Teacher and Student Success Plan* (TSSP), or more succinctly the *Success Plan*.
- Ensuring TSSA and LAND Trust funds are spent in accordance with requirements outlined in state law and state board rule.

Annual Projected Timeline

- December 2025 - January 2026
 - Principal training on TSSP process and online template (app)
 - Principals begin developing TSSP with input from community council
 - School community councils begin developing goals & plan for school LAND Trust Program
- January – March 2026
 - Ongoing goal and plan development by school community councils
- March 2026
 - Support training for Community Council members writing school plans
 - Schools submit TSSP (including LAND Trust Program and TSSA plan) for review by Assessment Team and obtain preliminary approval
- April 21, 2026 (Board Workshop Meeting)
 - Required school board annual training regarding board responsibilities for TSSP (including LAND Trust and TSSA)
- May 5, 2026 (Board Business Meeting)
 - School board receives and begins to review TSSP (including LAND Trust Program plan) *

- June 2, 2026 (Board Business Meeting)
 - Anticipated school board approval of TSSP (including LAND Trust Program plan) *

**To allow for early hiring, recruitment, and placement of personnel, preliminary approval may be given by school directors when TSSA and LAND Trust expenses are intended for hiring or expanding employment contracts and the expense is clearly in line with district priorities and legislative requirements.*

Plan Template

The plan template used by the school and community council will be delivered online and include components of all required school plans for the year (listed on subsequent pages of this document).

- Teacher and Student Success Plan (TSSP)
- LAND Trust Program
- School Profile (includes School Purpose, School Description, School Comprehensive Needs Assessment with potential Root Cause Analysis, and School Status Report)
- LAND Trust Goals, Action Plan, and proposed Budget
- Title I Plan and proposed Budget (for Title I schools only)
- School Culture and Climate Goal, Action Plan, and proposed Budget
- Proposed Budget, Goals, and Action Plan for TSSA funds
- TSI/ATSI/CSI Goal & Plan (for schools with a designated TSI/ATSI/CSI student sub-group[s])

Accountability

- Data for the school report card system (as well as data for many goal-level indicators) will lag the planning cycle for the upcoming year, so a formal report of TSSA accountability and goal-level reports will follow as a portion of the subsequent year's planning. A progress report will be included in each plan to give an indication of progress.
- Goal-level Accountability: Schools will annually determine and report to the school board whether individual goals within the plan have been met.

TSSA Funding Allocation

- Utah Code Ann. 53G-7-1304 provides that a LEA may use up to 25% of TSSA funds for district-wide salary supplements for educators. These funds are allocated on the TSSA column of the district's educator salary payroll table. Remaining TSSA funds are directly allocated to schools based on student enrollment as outlined in state code.

LEARNING FIRST

A digital planning tool will be used for schools to prepare and submit their TSSP. The digital tool will facilitate summarization of plan data, creation and approval of amendments, state reporting, and public input, as well as provide a stable planning platform for school and district teams.

Many sections of the plan which are developed by the principal require input from community councils, staff, and other stakeholders identified in state law.
