8 students tested

PERCENTILE	NUMBER OF STUDENTS	PERCENT
Below 25 th	3	37.5
25 th to 49 th	1	12.5
50 th to 74 th	3	37.5
75 th and above	1	12.5

3-6 Star Math

12 students tested

PERCENTILE	NUMBER OF STUDENTS	PERCENT
Below 25 th	4	33.3
25 th to 49 th	4	33.3
50 th to 74 th	1	8.3
75 th and above	3	25

Report from Ms. Fenners Class (K-2)

Happy Fall Season from Ms. Fenners Class. This past month we have spent some time learning/relearning the school expectations. We welcomed 2 new students to our classroom – Kindergarten students who are learning a lot from the other students in the classroom who have been great role models when it comes to classroom and hallway expectations. Our enrollment in the classroom has gone up from 6 students to 10 which is cause for celebration. We have been doing hands on science experiments and fall art paintings. We also have the Glacier National Park Rangers coming to our school once a month to teach us about Astronomy so we look forward to those visits and field trips. On Tuesday September 6 a local resident visited our school and made bear castings with our students. We learned some things about bears in our area and we had a great time.

Report from Ms. Weekes Class (3-6)

The Babb 3-6 grade class has had a fabulous first month of school. Our attendance is at 98%, with our only absences being medical related. The students did a fun experiment in science called Rainbow Walking Water. We had a visitor come to the school and do bear castings with the students. In Social Studies we are studying the regions of the United States and made informational posters of the regions. The students made “All About Me” posters to present to the School Board when they were out at our school. Some of our community members made ribbon shirts and skirts for the students to wear for their presentation. They all did an awesome job presenting their posters.

Babb Happenings

It’s been a busy start to our school year but we are starting to get settled in. A huge thank you to the administration and the school board for helping meet the needs of our students; we are now fully staffed! We have counselors come out regularly, and Robert Hall is working with the students once a week teaching them the language. We have also been able to provide library services to the students once a week which has been great.

Below are some photos of our Bear Casting activity and the ribbon skirts/shirts that were made by our local seamstress/tailor.

We hope that you have a great October!! Until next time....
