**IMESD District
Board Talking Points
June 2017**

The IMESD board and staff would like to express our sincere appreciation for your efforts this school year. We hope you take time to recognize the many accomplishments of your staff and students. Graduation ceremonies are always a time to reflect on the collective impact of a community on its kids.

As our districts close down this month, IMESD staff will be ramping up our efforts in the schools. These next several months are “harvest time” for IMESD departments that provide infrastructure support to our districts, specifically, technology, purchasing, courier, printing, and the warehouse. In addition, our newly created Facilities Department is poised to assist district custodial and maintenance staff with consultation support, ranging from safety plans to pest management. It will certainly be a busy summer!
