Re: Recommendation to Purchase Security Hardware for Buchanan Elementary and Garfield Community Schools

I am recommending and seeking approval to purchase additional hardware for Buchanan and Garfield schools due to the fact that the assessment was not complete for the Safety Grant at the time of the bid.

Attached please find a quote and description of the additional hardware needed to complete the project. FBH was able to hold the prices as they were on the hardware bid.

This additional order will complete all hardware upgrades at the buildings previously identified.

Thank you for your time and consideration.
