Cost Per Route (Contracted)

Director of Business Services John T Stellmacher
School
District/Organization:
School District of Hartford
Jt #1

By Director of Business Services John T Stellmacher on 8/28/2014 4:03:24 PM:
Hey All-

I realize our bus routes vary in length in time, but my BOE is interested in what other districts pay for a "standard" bus route (round trip) each day.

We pay \$164/day/regular route. There is additional cost for fuel above a certain point (right now, that extra cost is \$5.52/day based on a fuel price of \$3.50/gallon (net cost after gas tax is rebated)

Please let me know what your cost per route (per day) is.

Thanks!

J

Dir. of Business Services Bob Avery
School
District/Organization:
Beaver Dam Unified
School Dist.

By Dir. of Business Services Bob Avery on 9/4/2014:

Beaver Dam:
\$185.00/day single route (AM/PM)
\$225.00/day double route (MS&HS / Elem)(AM/PM)

Fuel escalator:
If fuel is \$3.25-3.75/gal, no surcharge
\$3.20-3.249/gal = \$1.00/rte/day credit (increases by \$1.00 every five cent increment)
\$3.751-3.80/gal = \$1.00/rte/day charge (increases by \$1.00 every five cent increment)

Deputy CFO Marc Duff
School
District/Organization:
Racine Unified School
District

By Deputy CFO Marc Duff on 9/4/2014:

RUSD is \$139.64 base and an additional \$27.20 per run. A bus used once for an AM & PM run would be \$194.04. However, we schedule most of our buses for several runs per day which means our cost/route cost is less. For example, a bus doing two routes in a day would be \$124.22.

Director of Business Operations Margaret Rudolph
School
District/Organization:
Portage Community
School District

By Director of Business Operations Margaret Rudolph on 9/2/2014:

Portage daily rate is \$209.82/day regular and special needs routes this includes \$1.47 fuel base. The District cover 211 square miles.

La Crosse School District

By Finance Manager Joyce Smalley on 8/28/2014:

Our daily rate is \$165.47 for up to 4.25 hours/day. Cost per quarter hour over 4.25 is \$22.01/hr. The district pays 100% of the fuel cost (less federal taxes).
