Investment Officers:

Sean Sanchez, Business Manager

Cheryl Burns, Superintendent

(1) This weighted average maturity calculation uses the SEC rule 2a7 definition for stated maturity for any floating rate instruments held in the portfolio to determine the WAM for the pool. This rule specifies that a variable rate instrument to be paid in 397 calendar days or less shall be deemed to have a maturity equal to the period remaining until the next readjustment of the interest rate.

(2) This weighted average maturity calculation uses the final maturity of any floating rate instruments held in the portfolio to calculate the WAM for the pool.

This Report is in compliance with Texas Government Code Section 2256.023 and Smithville ISD's Board Policy CDA (Local).
