- **Top Instagram Post:** (December 17, 2024) Our CTE department recently completed a collaborative project with our transportation department addressing their need for custom seat stands removed from handicapped-accessible buses. Several dedicated Woodworking 1 students volunteered their free time to design, build, and complete the stands. This project provided valuable hands-on experience for the students while fulfilling a practical need for the department. What an amazingly kind gesture from these students! #mchsproud
