Subject: Illinois State Board of Education – School Maintenance Project Grant Application
Date: September 20, 2022

I would like to request from the Geneva CUSD #304 School Board, authorization and approval to prepare and submit the applications for Illinois State Board of Education's (ISBE) School Maintenance Project Grant.

The School Maintenance Project Grant can be awarded to any school district, cooperative high schools, Type 40 vocational centers or a special education cooperative. Each application must be submitted under one of the five priority levels of Emergency Projects, Health/Life Safety, State Priority, Permanent Improvement or Other Projects. It is a dollar for dollar state matching grant program providing up to \$50,000 for the maintenance or upkeep of buildings used for educational purposes.

I am recommending authorization to submit the ISBE grant application to help fund district maintenance projects.
