

**Consider approval of Adoption of the OER Instructional transition plan
March 10, 2025**

1. Board Goal:

Domain 1: High Quality Curriculum And Effective Instruction

2. Background:

The OER Transition Plan for Bluebonnet Learning Instructional Materials is designed to support local educational agencies (LEAs) in the planning, execution, monitoring, and evaluation of the adoption and implementation of State Board of Education (SBOE)-approved, state-developed OER instructional materials known as Bluebonnet Learning. The OER Transition Plan for Bluebonnet Learning Instructional Materials complies with Texas Administrative Code (TAC) §67.1315 for access to the funding entitlement in Texas Education Code (TEC), §48.308.

For a school district or open-enrollment charter school to qualify for the State-Developed OER Entitlement for additional instructional materials procurement funding, the school district's Board of Trustees must adopt an OER instructional material transition plan.

3. Process:

The OER Transition Plan for Bluebonnet Learning Instructional Materials includes guidance and resources to support the development of a strong and effective implementation plan that supports adaptive change management and ensures stakeholder understanding to the purpose of adopting and implementing Bluebonnet Learning.

4. Fiscal Impact:

Instructional Materials are purchased through TEA's EMAT System using our Instructional Materials Allotment from the 2024-2025 Biennium and our Strong Foundation Implementation Grant.

5. Recommendation:

[Adoption](#) of the OER instructional material transition plan

6. Required:

Adopt the OER instructional material transition plan.
