

**GOVERNING BOARD AGENDA ITEM  
AMPHITHEATER UNIFIED SCHOOL DISTRICT NO. 10**

---

**DATE OF MEETING:** January 24, 2012

**TITLE:** Authorization for Governing Board President to Sign a Request for Advanced State Aid

---

**BACKGROUND:**

The Arizona Department of Education allows school districts to request an advance of state aid. The purpose of the advance of state aid is to alleviate the potential of a cash deficit for the school district when spending requirements temporarily outpace the inflow of cash from the State and the collection of property tax revenues.

The District does not anticipate being approved for advanced state aid revenues. However, the application, even if denied, is required in order to add any borrowing costs to the district budget capacity in future years.

---

**RECOMMENDATION:**

It is the recommendation of the Administration that the Governing Board approve the Application for Advanced State Aid.
