Subject

Repair Services for WHS Gym Elevator

Background Information

The elevator located in the Weatherford High School Gym has developed an underground hydraulic fluid leak due to a failure in the jack assembly. To restore the elevator to safe and functional condition, the hydraulic jack assembly must be replaced. The proposed repair will ensure the elevator remains code-compliant and includes full-load pressure testing to be witnessed by a state inspector. Approval of this item will allow the necessary repairs to proceed and maintain reliable service in the gym facility.
