New Year's Eve Trip

This year's New Year's Eve Trip the students and staff went to the Great Divide Ski Area for a day of skiing and snowboarding. There was a total of 71 people attend this year's event. Beginner level skiers got to take lessons before they went out on their own to enjoy the day of skiing. The lessons were for both skiing and snowboarding. The group was given a lunch ticket to have lunch whenever it fit their schedule for the day. The kids and adults skied until 6:30pm. The Great Divide Ski Area had a torch light run down the mountain for all the skiers to watch at the end of the day with a fireworks show at the end of the torch light run. We had 3 students that were a part of the torch light run. After skiing the group went to Great Falls, there they were able to enjoy an evening of either bowling or jumping. They could bowl at Littles Lanes or jump at Flippin Family Fun, they also had pizza at either place for dinner. These events ended at 2:00am. After the events the group went to Denny's and had breakfast and they came home.
