### **2017-2018 District Improvement Plan**

According to the Planning and Decision Making Process section of the Texas Education Code § 11.251, “the Board of Trustees of each independent school district shall ensure that a district improvement plan and improvement plans for each campus are developed, reviewed, and revised annually for the purpose of improving the performance of all learners. The board shall annually approve district and campus performance objectives.” Accordingly, the 2017-2018 District Improvement Plan is submitted for your approval.

The 2017-2018 District Improvement Plan was thoroughly reviewed by the Curriculum Department and the District Education Improvement Committee. Through the input of these two groups, along with the Human Resources Department and the Business Office, the document represents growth initiatives for the district. In addition, revisions were made based upon the action plans derived from the Pinnacle 2020 Strategic Planning Committee, the CISD Learning Framework and a CISD Comprehensive Needs Assessment.

On April 11, 2017, the District Improvement Plan was presented to the DEIC. The DEIC voted unanimously to approve the plan and send it to the Board of Trustees.

All state and federal mandates required to be documented in the District Improvement Plan and Campus Improvement Plans have been documented in Appendix A. All core content area initiatives have been documented in Appendix B. Campuses will attach Appendix A and B to their Campus Improvement Plan, thus ensuring compliance and consistency in the compliance work across the district.

The 2017-2018 District Improvement Plan is submitted for your approval.
