Subject

ROOted in Excellence Series – Campus Support Structures

Background Information

Weatherford ISD is proud to highlight our campus support efforts through PLCs, curriculum walks, and collaborative planning meetings as part of this month's "Rooted in Excellence" series. This initiative showcases a key academic focus each month, offering the Weatherford ISD Board and our community insights into the district's dedication to advancing educational excellence.

This month's presentation will provide an overview of how PLCs, curriculum walks, and planning meetings are structured to give teachers opportunities to internalize lessons and analyze student performance, supported by the academics team. The presentation will also demonstrate how curriculum walks aid campus administration in deepening their understanding of curriculum and instructional practices. Representatives from Tison Middle School will participate in the campus connection segment, sharing their experiences in engaging with these initiatives. They will discuss the impact these efforts have had on their teaching, their approach to collaboration, and how the support from the academics team has enriched their instructional practices.
