CISD Board Agenda Item Synopsis

Subject: Information Regarding the Learner Experience in Celina ISD

Background Information:

One non-negotiable our District champions is the idea that every learner should experience a minimum one year's growth every school year. What that means for each learner is as unique as the experiences each child and each adult brings with him or her into our schools. Each learner has a whole range of needs, and a whole world that plays into their learning, and if we are consistent with our efforts and our focus on providing a Learner Experience that has the systems, supports, scaffolding, and accountability, every learner can be successful.

As leaders in our community and schools how we operationalize and model this commitment as a team of 8 and as learners ourselves will serve to enhance the Learner Experience for all.
