B. Bearcat Nation 101

Teacher Leader Academy is a group of AISD teachers committed to leading and learning. This year they are starting the school year with an event called Bearcat Nation 101. The group reached out to new parents last year and asked them for feedback on how we could have made their transition to AISD more informative.

Taking that feedback and looking for ways to improve community and student engagement the group developed the idea for Bearcat Nation 101.

Bearcat Nation 101 is about welcoming and connecting new families to services available in our community. With this event, we hope to help new Aledo ISD parents feel acclimated to the area by informing them of the district and communities activities, services, and resources. Bearcat Nation 101 will be held on Saturday, August 8th from 9 am to noon in the High School Cafeteria. All families new to the district are invited to come and check out all Bearcat Nation has to offer. They will have the opportunity to get information on daycares, Girl & Boy Scouts, school events, athletics, library services, youth sport opportunities, voter registration, community resources, and many more.
