

## Building 200

Cabinets have been put in the kitchen.

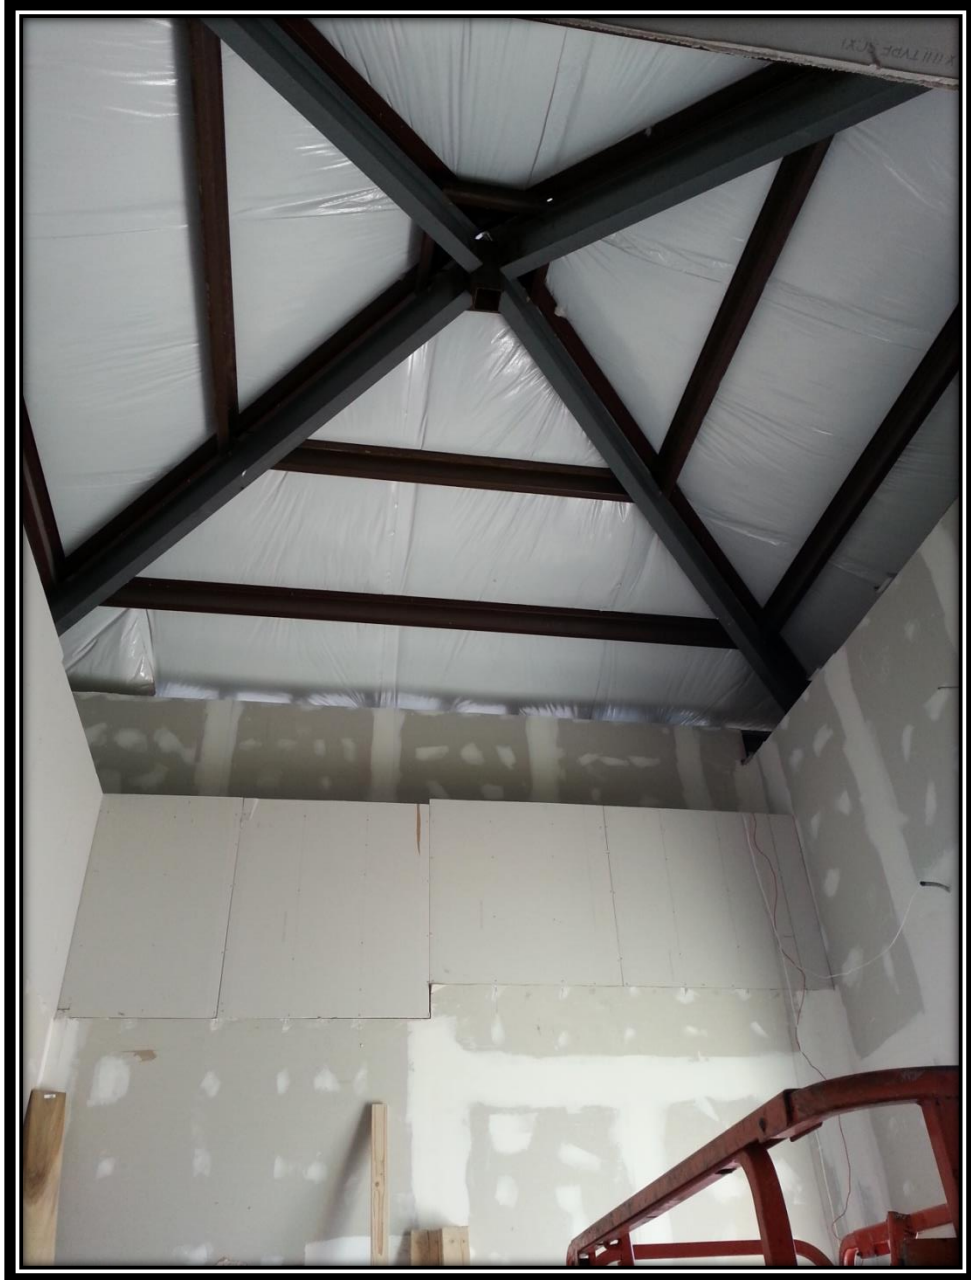

**Building 200**

Bathroom tile has been placed in both bathrooms upstairs.

### **Building 200**

Flooring has been completed in Mr. Ansari's office (right) and Board Room (far end). As you can see, they are still working on getting the floor completed.

## **Building 100**

This is the ceiling of the reception area.

### **Building 100**

Pictured here is the south side of the building.

To the right are the cubicles and to the left are business offices.

### **Building 100**

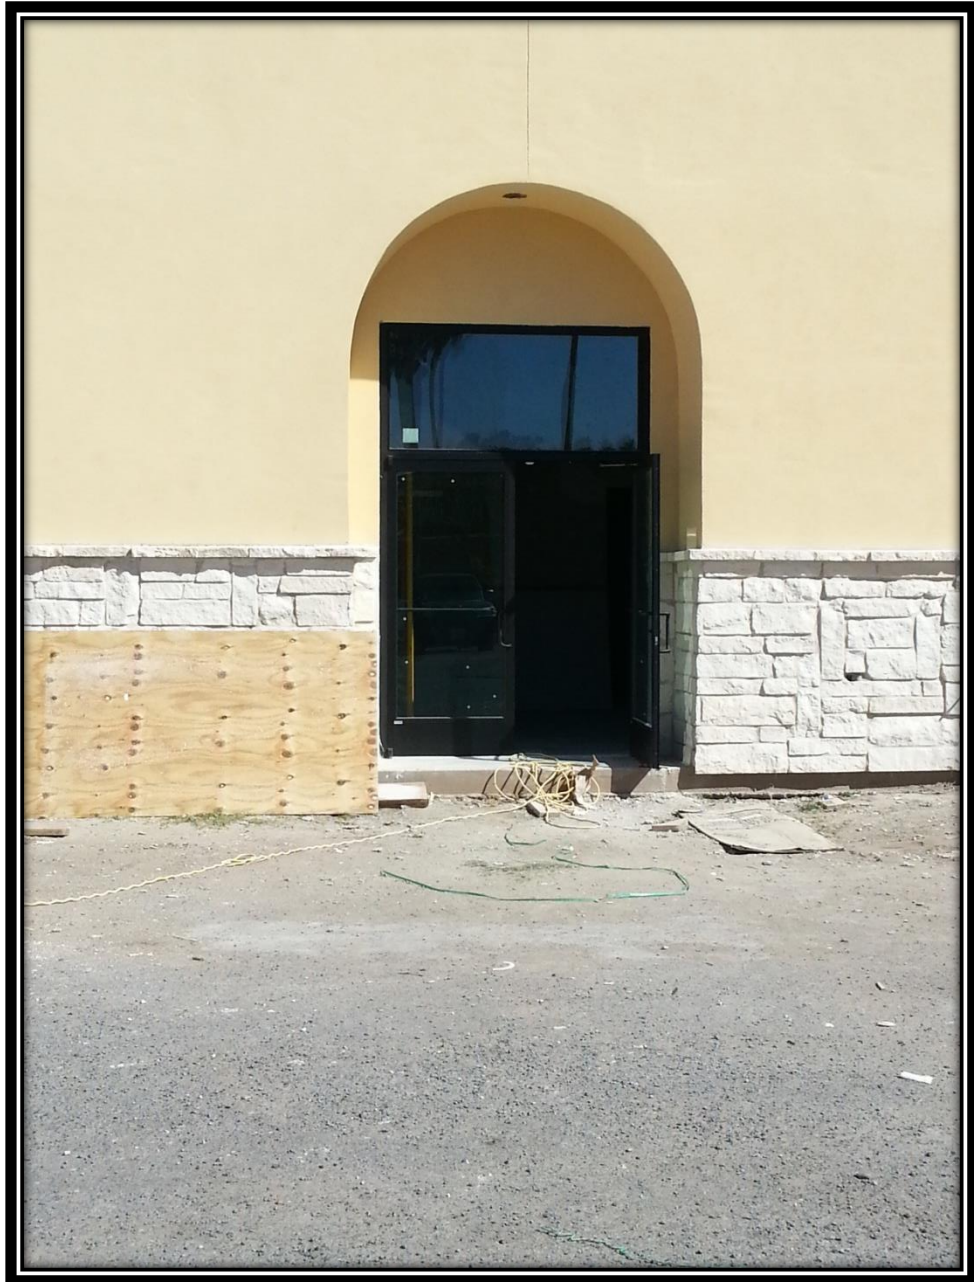

This is one of the business offices. We will have 8 offices located on the east side of the building.

### **Building 100**

Pictured here is the north side of the building.

On the west side of the building, will be 8 cubicles that are slightly smaller than the business offices.

### **Building 100**

Here is the main entrance to the building.

### **Building 100**

Pictured is the exterior of the building completed with stucco and stone. The small windows face the cubicle areas.
