## PJHS Activities

- 8th grade Language Arts students headed back to 6th grade to mentor 6th grade Language Arts students in writing. The 8th graders have the opportunity to show off the writing skills they have learned during their time at PJHS. The 6th graders are able to see what they, too, can accomplish as writers.
- During our last SIP day, teachers participated in a *Thanksgiving Escape Room* that Ashley Keeling created. Each team had to work together and complete four different tasks that were geared towards strategies and activities they could easily implement in the classroom. She focused on tech integration, informational text reading strategies, Building Thinking Classrooms strategies, and SEL.
- Mrs. Chase and Mr. Hicks put together a fabulous concert Wednesday evening. We appreciate the time they put in to prepare our students for these performances.

## Students of the Month

- 6th - Jocelyn Dudra and Mason Nihiser
- 7th - Lucy Ishmael and Christine Criswell
- 8th - Dragan Wallace and Bentlee Pope
