To: Andrea Oquist, Superintendent

From: Theresa O'Brien, Chief Academic Officer

Subject: Recommendation to Purchase *Pearson's enVision Algebra 1*

I am requesting the purchase of *enVision Algebra 1* be placed on the agenda for the April 10, 2017, Board of Education Curriculum Committee Agenda. The purchase request is for Teacher Resource materials, Assessment Readiness Guides, Assessment Readiness workbooks, Student Editions with a 6-year digital courseware license. The *enVision Algebra 1* text provides engaging tasks to deepen conceptual understanding as well as opportunities to strengthen and apply skills and is the unanimous recommendation of the committee.

Mr. Ben Hillard, Mathematics and Science Coordinator worked with the committee of two middle school teachers and six teachers representing each of our high schools. The committee was formed in the fall of 2016. The committee developed a needs assessment for Algebra 1 and spent extensive time reviewing our current Michigan State Standards and the Common Core Shifts for teaching mathematics. They also considered what skills "career and college" ready students need in order to be proficient. Mr. Hillard followed the district textbook adoption process according to Board policy and the Secondary Principals support the recommendation. In his attached memo, Mr. Hillard shares more details about the evaluation process used. The textbook samples are in our outer office for review. We will also have samples available at the Committee and Board meetings.

## **COURSE: Algebra 1**
