#### **B. 2014-15 Calendar Review**

A review of the student absenteeism related to both the Good Friday and Memorial Day bad weather makeup days yielded a concern primarily related to a high level of absenteeism on Memorial Day. The District experienced an overall absentee rate of approximately 21% through the accounting timeframe with more students being checked out of school later in the day.

Administration will be taking a recommendation to the District Wide Effectiveness Improvement Committee (DWEIC) to make both Good Friday and Memorial Day student and staff holidays and changing the bad weather makeup days to June 5<sup>th</sup> and 6<sup>th</sup>. If approved as a recommendation to Trustees, Administration will ask

Trustees to amend the 2014-15 calendar to avoid such a high level of absenteeism.

### **C. Aledo ISD 2025 Committee Progress Report**

The AISD 2025 Committee met for the final time as a large group on June 10, 2014. At this meeting the three sub-committee chairs shared each respective committee's recommendations related to:

Safety/Security

Technology

Facilities/Maintenance

The committee at-large also heard from BOSC Financial Advisor Bill Gumbert. He presented the district bonding capacity on a short- and long-term basis.

We are hopeful that a workshop can be scheduled with Trustees in late June or early July to present the findings and recommendations of the committee.
