Truancy and Attendance - North HS

The issue...too many students missing too many classes.

- We know students can't learn if they're not in class.
- County level support and impact is minimal
- SIP goal

Truancy and Attendance - North HS

What we are doing about it...

- Weekly data review
- Identify the students who are most at risk
 - Get full info on each student
 - Prioritize the most at risk (per attendance, grades, behavior)
- Assign attendance mentors and implement plans
- Rotate students in and out of the process to maximize impact
- In school truancy efforts (detention, after school restrictions, etc.)
