PJHS Activities

- Our students conquered their annual 5K! These students have been working hard all 4th quarter to reach this goal. This year's run was in support of the Tanner Jacobs Foundation. Thank you to Mrs. Keeling, Mr. Butler, and Mrs. Schutt for their commitment to training alongside our students. And a big thank you to Ron Jacobs and the Tanner Jacobs Foundation for his support of our PJHS students.
- Finished Spring MAP Testing
- This year during PLC time, teachers were able to vertically align their curriculum. This will help build student achievement by reducing learning gaps and repetition, building strong foundations for students as they transition to the next grade level, and supporting teacher collaboration.
- 8th Grade Career Day was a success again this year. Students had the opportunity to hear from Josie Pauley - Flight Attendant; Erica Frailey Matthews - AAMP; Mallory Zindel - Sloan Implement; Mark Holthaus - Tick Tock Energy; Cindy Miles - Careers in Health Care; Tucker Strawn - Christian County Sheriff's Dept; Andy Crosby; and Nick Casey - OKAW. Thank you to Mr. Pierce and Mrs. Sowarsh for organizing this event.
