              Browning Schools

**From:**    Corrina Guardipee-Hall  
**Title:**     Superintendent

**Subject: Schellinger Construction Quote: Road Base for Access Road/New Food Service Building Lot**

**Description:** Request to purchase material for the access road, and lots, at the high school for new food service building. Trail's End is currently stockpiling enough 1-1/2" road base that we can purchase from them down the road as needed. The more urgent aggregate material we will need, and they don't/won't have, is the Type B graded that goes into the asphalt paving mix. The quantity required for the access road and lots would be approximately \$151,200 based on the attached load quote.

**Financial Impact: \$151,200.00**

**Funding Source (Budget/grant, etc.):** 226.96.167.2710.610

RE: Browning Highschool - Type B Plant Mix Aggregate Supply & Stockpile

Matt,

Schellinger Construction Co., Inc. is pleased to offer the following pricing as requested on the above mentioned project. Following are our unit prices to provide labor, equipment, and materials necessary to complete the work as described below.

**Standard Belly Dump W/Pup 24 CY Load.....\$1800.00/Load**

**Standard Belly Dump 17 CY Load.....\$1600.00/Load**

### Clarifications:

- Materials will be stockpiled at site designated by owner near Browning High School. Stockpile site to be mutually agreed upon for adequate access for standard belly dump with pump.
- Measurement for billing will be based on load count. 24 cubic yards for standard belly dump w/pup and 17 cubic yards for standard belly dump w/out pup.
- Figures are based on loose/stockpiled cubic yards. To achieve 2,000 cubic yards of in place plant mix Schellinger Construction would suggest approximately 2,600 loose/stockpiled cubic yards. Owner will be responsible for designating desired quantity to stockpile. At a minimum 2,016 loose/stockpiled cubic yards will be billed.
- Pricing good for 30 days.
- Contract acceptance dependent upon mutual agreement of terms and scheduling.
- Work shall be completed summer/fall of 2022. If owner is unable to schedule delivery of material during this period Schellinger Construction will request a price adjustment.

Thank you for the opportunity to provide you with pricing on this project. If you have any questions or require additional information do not hesitate to give me a call @ (406) 212-4477 or Email [grant@sccimt.com](mailto:grant@sccimt.com)

Sincerely,

Grant Roberts  
Estimator
