## **W.J. Zahnow Elementary Board Report July 2025**

Online Registration opened on July 7th for the Waterloo School District. Parents are encouraged to register their child(ren) online. As a reminder, if it is a new student or Kindergartener who did not make it to screening, they will need to come into the office to fill out paperwork for the student before registering online.

In July, the custodial and maintenance staff are continuing to work hard to clean and finish up classrooms, hallways, and other areas of the school. Our blacktop was redone and striped, classrooms are slowly coming back together and hallways are waxed. The technology department is updating and cleaning up computers, and also replacing the classroom computers with new ones. Our administrative assistants are collecting paperwork, adding in students, and updating all information for the new year. Things are moving quickly, but smoothly, and we are excited for the return of our students!
