

# The Creature Project

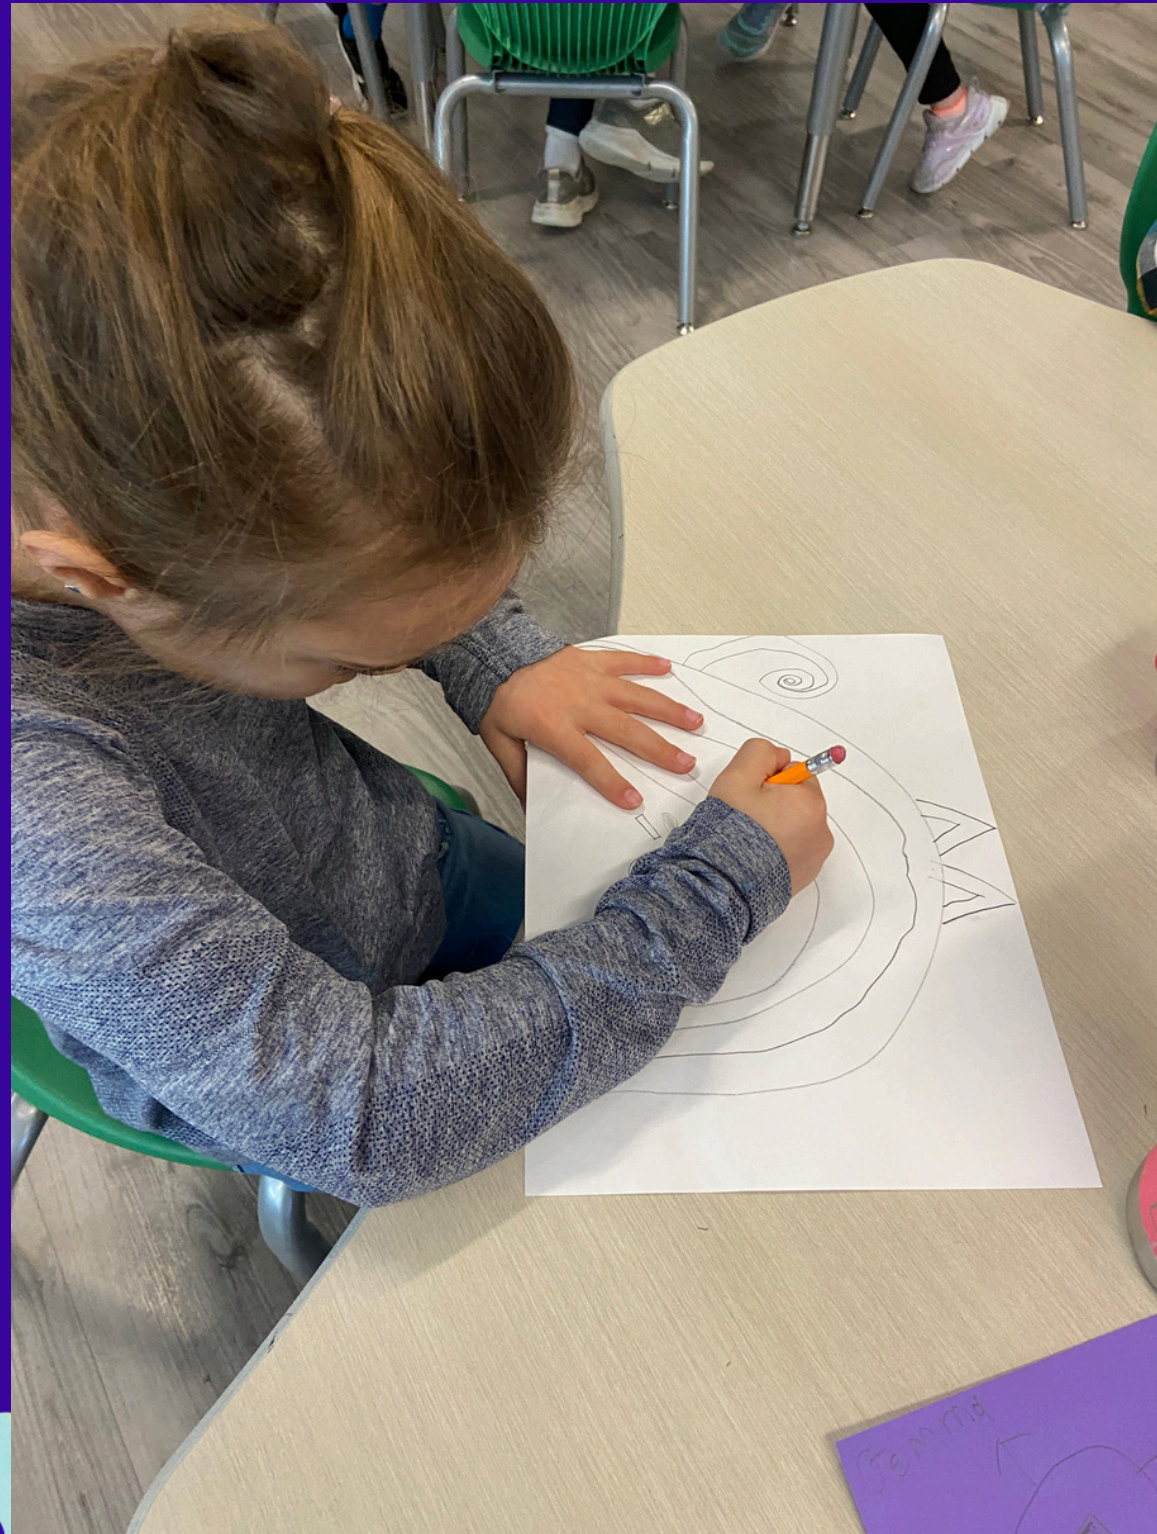

*A Collaboration Project*

# Step 1:

- *The Kindergarten and 1<sup>st</sup> grade students used their imagination to create a creature.*
- *They gave each creature a name and a personality. They listed their likes and some even had super-powers!*

# Kindergarten students drawing their creatures.

# 1st grade students drawing their creatures.

# Step 2:

- *The creature drawings traveled to McCall-Donnelly High School.*

# Step 3:

- *The creature drawings were sent to Mr. Hopkins at the McCall-Donnelly High School.*
- *Mr. Hopkins gave his art students an important assignment: Make a 3D figure out of clay from each creature drawing.*

*The 3D art class students worked very hard to recreate the drawings using clay.*

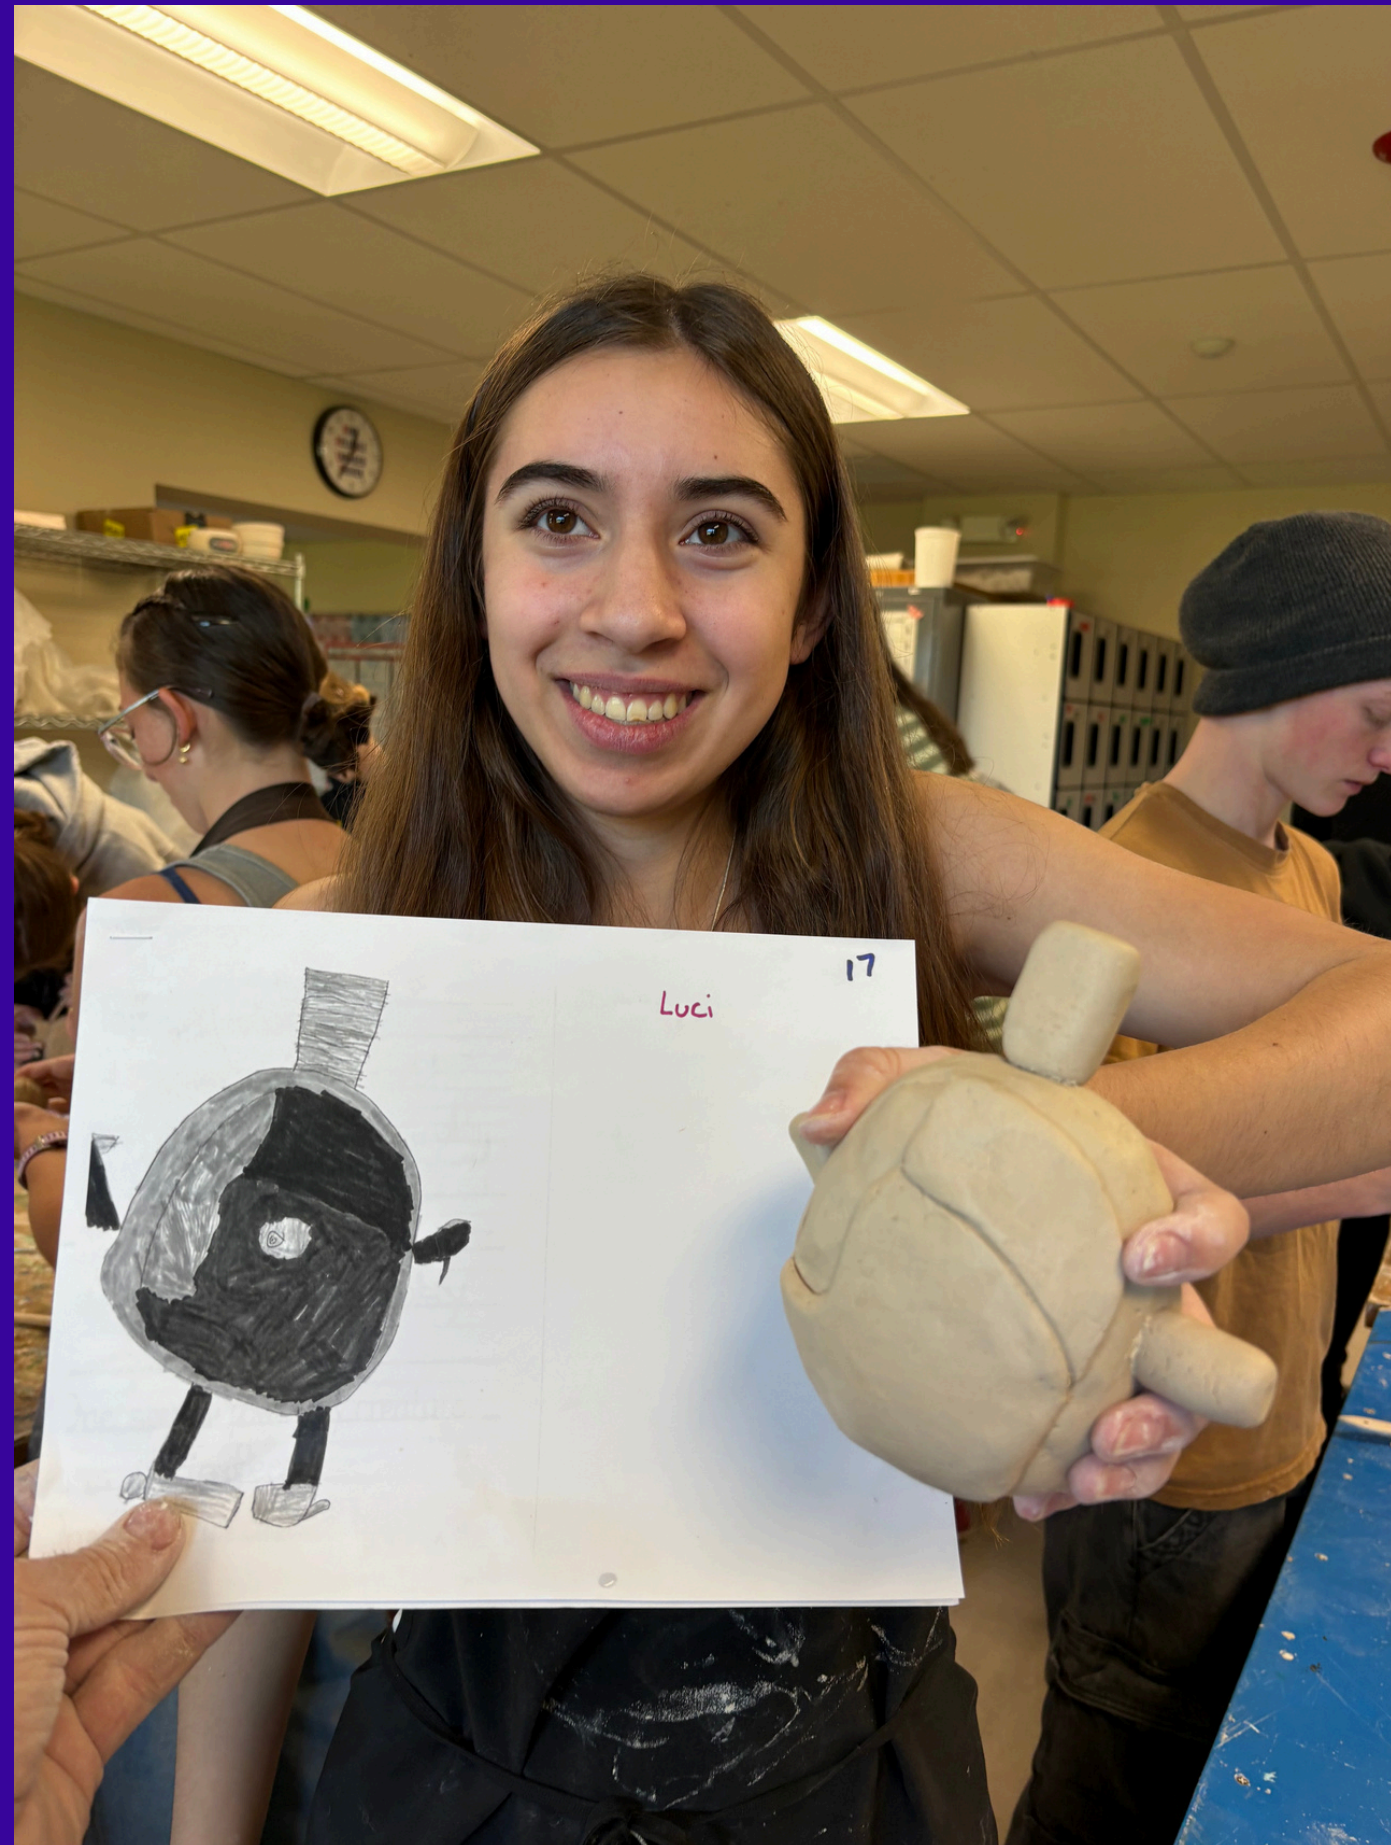

The 3D art class students worked very hard to recreate the drawings using clay.

*The 3D art class students worked very hard to recreate the drawings using clay.*

*The 3D art class students worked very hard to recreate the drawings using clay.*

The 3D art class students worked very hard to recreate the drawings using clay.

# Step 4:

- *Each clay figure was fired in the kiln.*

# Step 5:

- *The creatures traveled back to Donnelly Elementary School.*

# Step 6:

*The 5<sup>th</sup> grade students painted to the creatures to look like the original drawings.*

*The 5<sup>th</sup> grade students painted to the creatures to look like the original drawings.*

*The 5<sup>th</sup> grade students painted to the creatures to look like the original drawings.*

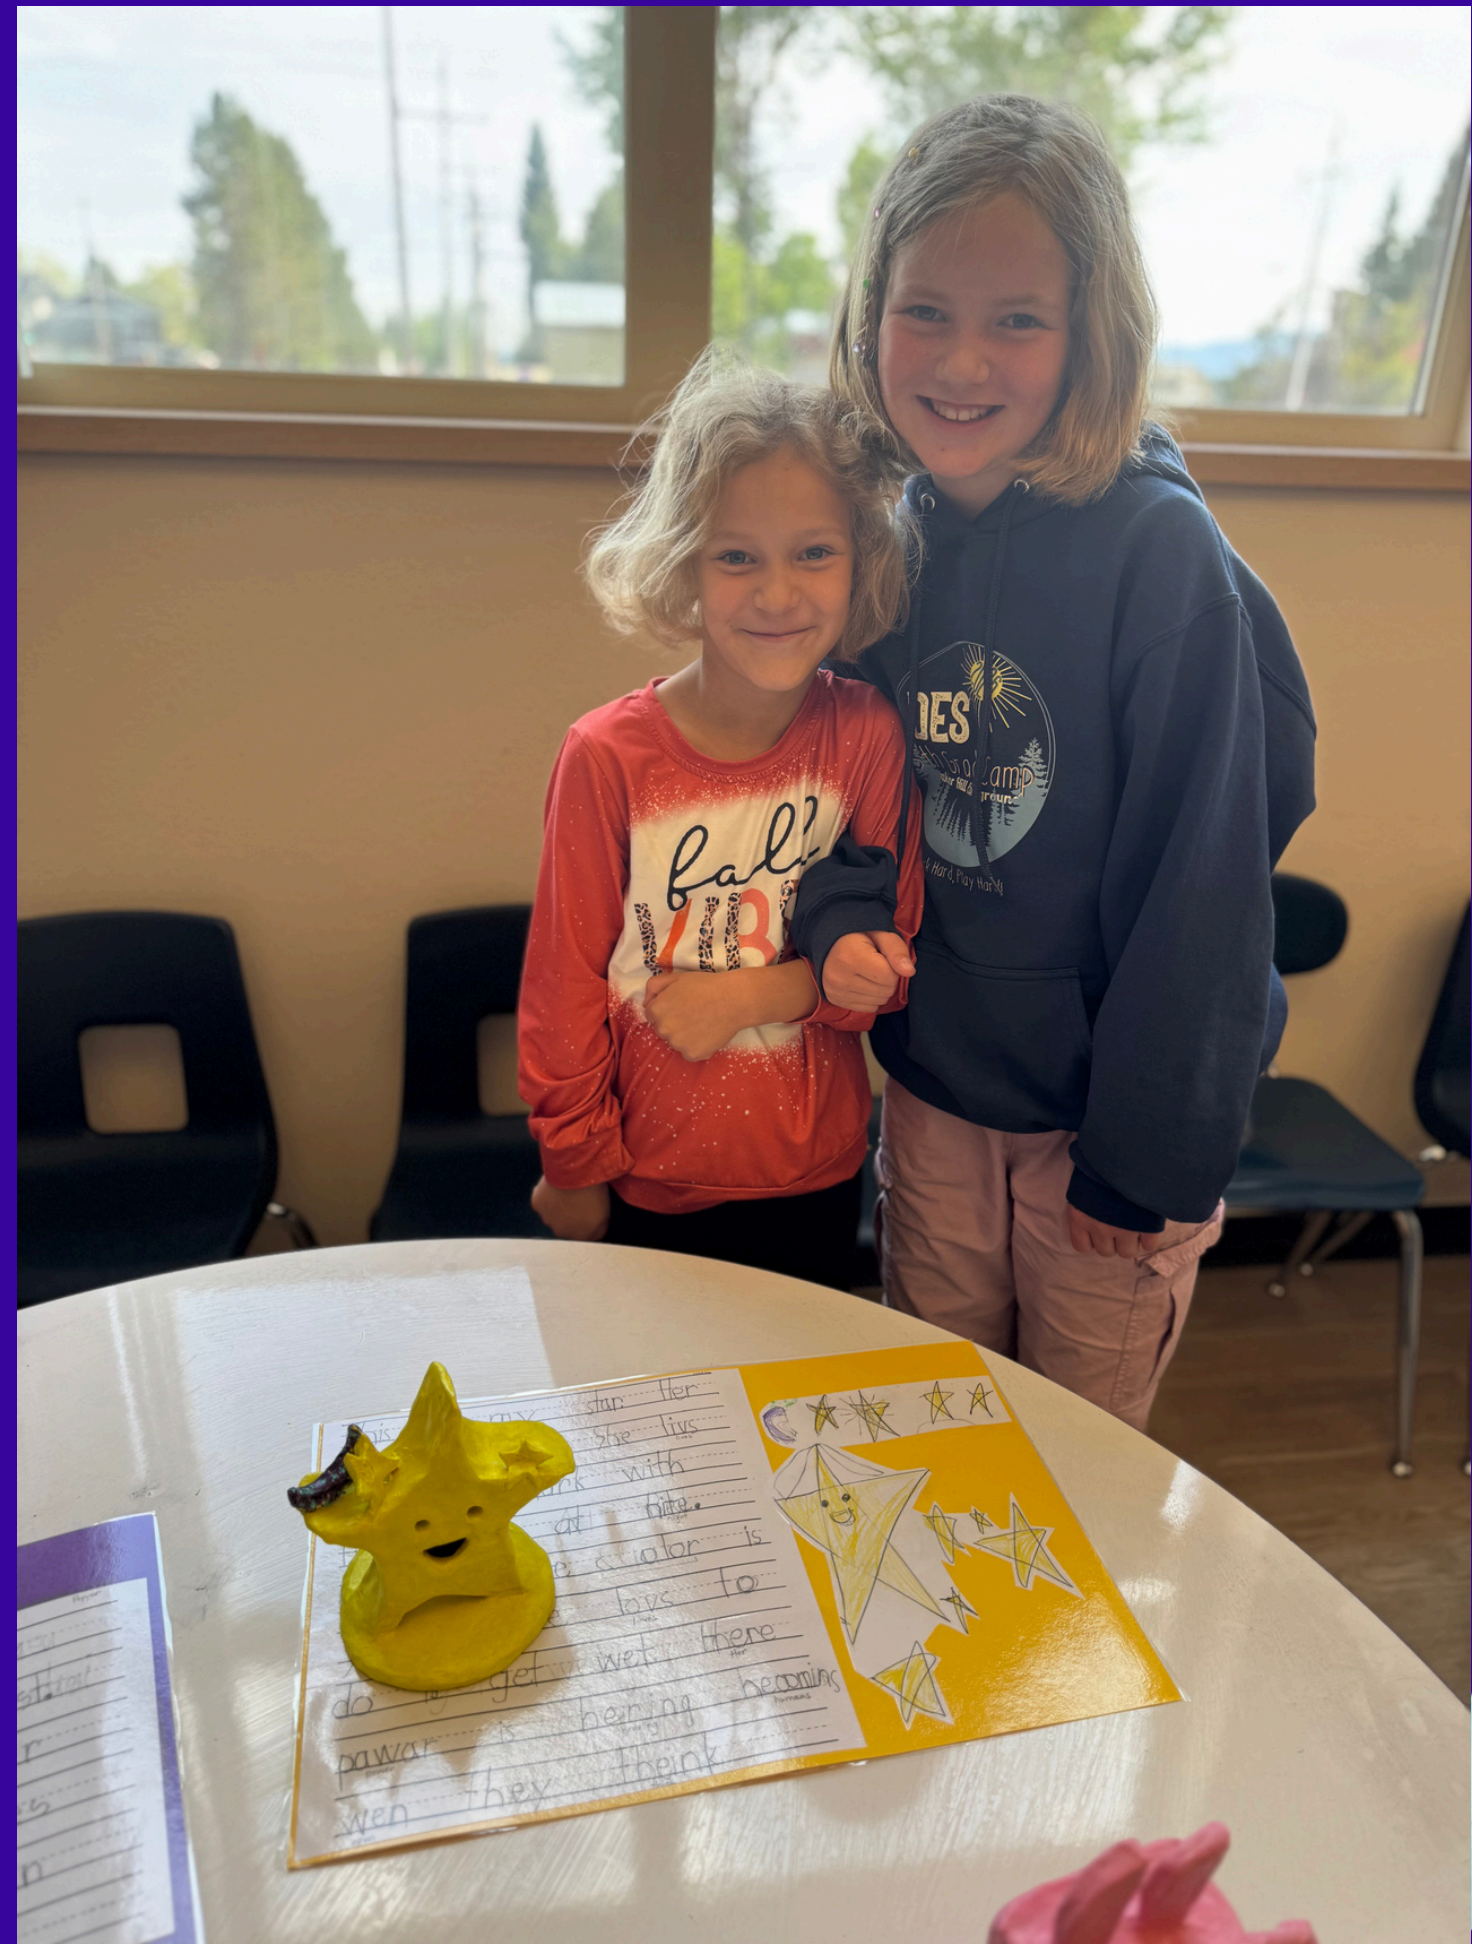

*The 5<sup>th</sup> grade students painted to the creatures to look like the original drawings.*

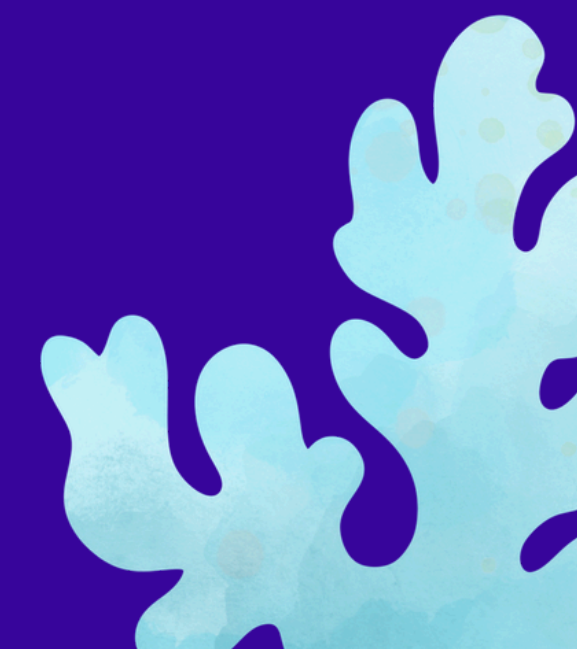

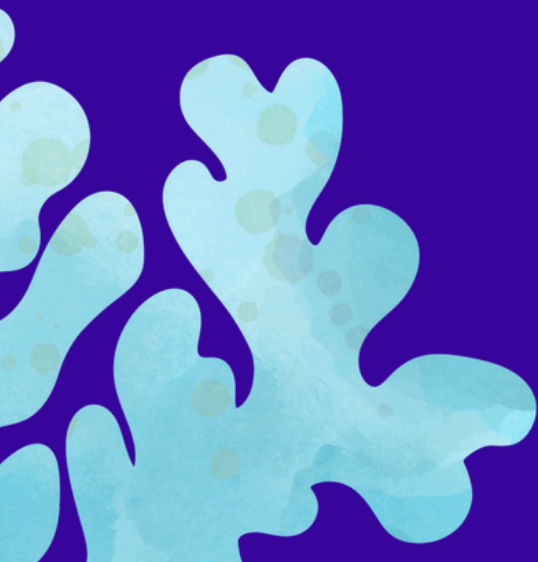

# Step 7:

- *The creatures were re-united with the original artists!*

This is fireberry.  
She lives with me  
in my house.  
Her favorite color  
is pink. She loves  
to swim in lava.  
Her superpower is shooting  
fire.

This is Ambos. He  
lives in the Forest.  
His favorite color is orange. He loves to  
hide and seek.  
Ambos.
